

Summer, 2020

Dear Friends for LIFE,

I am beyond thrilled and amazed at the goodness of the Lord this year! At last year's banquet I expressed the need for more space and a larger building, and the Lord sent Dick and Sue Hammill to meet that need! They went above and beyond to not only buy us a building, but took care of all the renovations and the décor and upgrades needed for the Pregnancy Center and Angel Babies Boutique!

In addition we renamed our center. We went from the North Georgia Pregnancy Center to simply The Pregnancy Center, because that is what the community calls us. Also another center in Dawsonville named their center North Georgia Pregnancy Center so we did not want confusion with the two centers.

So, we have tripled our size! We are huge and are offering more and more services to the community. We now have an addiction program offered in house by a certified counseling couple, and we are now offering more family counseling with our larger rooms.

We have a HUGE Angel Babies Boutique to help meet the needs of our moms and dads and babies in our community. Our expanded classes provide more opportunities to serve and minister God's truth to families in this time of need. Our Bright Course classes are now offered online for those who might not be able to come to the center.

How can you help? We need sustainable monthly donations to pay for overhead, educational materials, staff to maintain the center and boutique and outreach materials to the community. Your monthly donations help keep us up and running on a daily basis so we can offer these services free of charge!

We invite you to come and visit our new facility and see how the Lord has provided through the Hammill Family Foundation. The Hammills stepped up and provided a building. Now we need to keep the programs and daily operations going. Your faithful contributions keep this local ministry going so that we can offer practical help and spiritual hope to those that the Lord sends to us.

Thank you so much for all you have done in the past and the future! We are seeing new clients, moms and dads coming in to get help. Please continue to support us as we serve the families in the North Georgia area. Your prayers are valued during this time as we seek to navigate through this COVID-19 season and continue to offer help and hope to many!

Friends for LIFE,

Pat Page, Executive Director
