SOW - WATER - WAIT

Dear Friends for Life,

I will never forget one woman telling us after her session with an advocate that the desires of her heart were changing, and she was thinking different than before. We began to see real changes in her life by the grace of God, as the truth took root in her heart and life.

Her story reminded me of the parable of the Sower, which perfectly describes what we experience here at The Pregnancy Center. Each day, we till, plant, and water the soil of people's hearts. And when the Lord produces fruit, it's such a blessing!

Matthew 13 explains the story of a farmer who scattered some seed on his field. Some of the seed fell on the pathway and were eaten by the birds. Some seed fell on rocky shallow soil. It quickly grew but did not take root and died. Other seed fell among the thorns that choked out the tender plants. But other seeds fell among fertile soil and produced a bountiful crop.

This parable in Scripture explains how the truth of God's Word is received. As we share the hope of the Gospel with our families, we trust the Lord to take the seeds of hope and truth and have them planted deep within their hearts so that lasting change becomes evident.

We sow the seed. We water the seed. But the increase and the heart change come from the work of the Holy Spirit in their hearts.

The last verse in that parable of the Sower says, "Anyone who has ears to hear should listen and understand."

What a sober reminder of our responsibility to listen and take heed to the truth in the Word.

Many people get discouraged when trials, suffering, and hardship come into their lives. They turn away from the Lord. Coming to Christ does not guarantee that we will not suffer. However, as we trust the Lord, difficulties can become blessings as we learn to rely on Him more.

What a privilege to be used of the Lord in sharing truth with each and every person who comes to The Pregnancy Center. We trust Him to produce a bountiful crop in their lives.

May we all be faithful to sow, plant, and water as the Lord gives us opportunity.

One Mom's Story

As a first-time single mother, I started my pregnancy with so many questions and a fear of not being prepared enough to raise a baby on my own. I had heard about The Pregnancy Center through a friend, so I decided to come in for a lesson and see where it went. A few lessons in, my baby was diagnosed with cysts on his brain and the doctor's prognosis wasn't very hopeful for a recovery. After continued prayers from The Pregnancy Center and family members, my baby was healed. I have a wonderful support system at home, but the ladies at the Center have expanded that support system and have been a vital part of my growth into the journey of becoming a mother. I took classes weekly and all my questions were answered. This made me feel prepared for my son to enter the world.

David and Patti Johnson (Communications Dir.)

We are deeply grateful for the team the Lord has assembled to do His work at The Pregnancy Center and Angel Babies Boutique. With volunteers & team members working different shifts throughout the week, it is not often we are able to have (almost) the entire TPC team gathered together. In February, after a "wild" morning staff & volunteer meeting, we took the opportunity to get an updated team photo. We are humbled to have opportunity to serve as we partner together with you. STATISTICS TELL A STORY

The ebb and flow of activity at the Center is always a by-product of God's timing. Your partnership is a vital part of being able to meet each new challenge the Center faces along the way. As we "sow, water, and wait" in each new season, it is both beneficial and encouraging to see His faithfulness in season's past. In 2021, we celebrated 13 new babies born to Center clients. And in January of this year, we welcomed 7 newborn babies in a single month!

CALLING ALL CHURCHES - BABY BOTTLE EVENT HOSTS NEEDED

Are you interested in helping support the work of The Pregnancy Center within your Church, Vacation Bible School, or Community Group? One of the most effective yet simple ways to be a powerful part of facilitating the life changing work of TPC Jasper is by hosting a Baby Bottle Event. Participants each take home a bottle to fill with loose change or bills over the course of a month. While some people fill their bottles at home, others have placed bottles on their desk at work, in a local business, or even taken them to their weekly social club, homeschool group, tennis club, or Scout meeting. No matter where these brightly colored bottles are placed, people enjoy being a part of something that can make such a BIG impact. In years past, Baby Bottle Events have funded up to 20% of the TPC operational budget! Please contact the Center to let us know what month you would like to host your event. We will provide you with everything you need to take part in this life affirming activity.
